From May 25 to June 2, 2024 / VERNON 8th INTERNATIONAL PHOTOGRAPHIC EXHIBITION

SPORT AND OLYMPISM

Guest of honor / Fédération Photographique de France

Dear photographer friends and lovers of photographic art,

During previous shows, we have honored photographers interested in the people of our world, whether they live in distant lands or in our cities, our countryside or our coasts. Through photography they meet these men and women, communicate and share their way of life, their joys, their sorrows and their hopes.

This year, France will host the Summer Olympic Games. Sport and the Olympics embody this humanist spirit which is close to our hearts and for the 8th edition of its international photography fair, the Vernon Region Photo Group has chosen to devote its theme to it. With the prestigious "Sport" collection from the French Photographic Federation, we are putting in the spotlight the best photos presented in the Coupe de France and their authors.

We have abandoned the paper sections for this competition; the "Vernon en Normandie" show will now be entirely digital.

We invite all photographer authors from around the world to join us at future shows that we organize.

André Lochard / President of the G.P.R.V.

Igor Debevec / EFIAP / MPSA / GPU CR5, Slovenia

Igor Debevec comes from Slovenia. His first attempts at photography date back to 1980, and since then photography has become his way of seeing the world around him. Through the lens of the camera, he sees this world differently, it gives him positive energy. Photography means passion and joy to him; with it he can stop time and create memories at the same time. He offers him his view of the world.

His photos have received more than 1,300 awards at FIAP/PSA salons in 55 countries of the world. Photos have been published in Boundless Photography - Anthology of Worldwide Photographers' Winning Works (China), Who's Who in Photography 2021 - PSA - Top 10 and elsewhere. He is one of the most awarded photographers in Slovenia, where he was the Best author of the Year in 2017, 2018 and 2021.

Now is the Slovenian representative at the American PSA and ICS associations and the Chinese IUP. In addition to the organization, he is also a member of the jury of FIAP and PSA salons over the world.

Denys Poupel / EFIAP, France

Belonging to the "Kodak Instamatic" generation, it was with this camera that I got my start. The revelation of my interest in images occurred when one of my photographs of young Masai girls won a competition. I then decided to discover more about photographic practice by joining the "REGARDS et IMAGES" association in Montivilliers, where I discovered the pleasure of black and white printing in the laboratory, studio photography.

If humanist photography has fulfilled me through numerous travels, if street scenes are among my favorite observations, I am always ready for new photographic adventures. I like to share my experiences, and this state of mind has accompanied me in my role as president of the "REGARDS et IMAGES" association for more than 20 years. It is in this context that I had the chance to lead some great projects and photographic shows.

FPF and FIAP member, I participate in the competitions that they organize. The gods of photography favored me and I gained additional motivation from it. After being awarded 4 times at the VERNON show, it is with pleasure that I return there to join its jury.
